Pinnawala Open Air Zoo

Located close to the Pinnawala Elephant Orphanage, the Pinnawala Zoo apart from being the first open air zoo in Sri Lanka, is the second zoo of the country after the Dehiwala Zoological Gardens. Bringing to life a concept that goes beyond merely caging animals, care has been taken to re-create their natural habitats within a spacious expanse. With a land extent of 44 acres, each enclosure has been allocated an area that is slightly more than 1.5 acres, ensuring that its inhabitants have enough space to roam around freely.
